HOW TO FILM THIS CLASS

Film sideways in good light. Begin with your placard OR clearly say your name, filming date, horse's name and class. Keep the entire horse and rider or handler visible in one unedited take. Leave the audio on.

Set the camera where the full pattern and inspection setup are visible. Show the handler's footwork, turns, backing and inspection without blocking the working area.

Follow your published class requirements. Full guide: equipartner.events/how-to-film
